# SUMMER STEM CAMP

## W.F. WEST HS, CHEHALIS WASHINGTON

The University of Washington is partnering with the Chehalis Foundation to provide a four-day summer camp focusing on engineering and medical science.

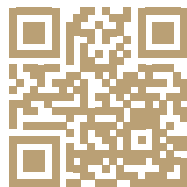

**AUG 5-8 | 9 AM-3 PM**

**Open to ALL high school students entering grades 9-12.**

Join us this summer and learn from experts in the fields of both engineering and medicine as they share some of the most cutting-edge technologies.

**\$25/STUDENT  
REGISTER HERE**

Scholarships are available

[stemchehalis.org](http://stemchehalis.org)

### ENGINEERING SECTION:

**How do engineers harness energy to design the world around us?**

Join UW Engineering students, staff, and faculty to learn about forms of energy like heat and motion. Then put your knowledge to the test in an engineering design competition!

### MEDICINE SECTION:

**How do doctors and nurses actually learn the skills needed to safely provide patient care?**

Join the UW's WWAMI Institute for Simulation in Healthcare (WISH) to delve into the dynamic world of healthcare simulation! Experience first-hand how technology, art, theatre, science, engineering and education all come together at WISH to create hands-on learning experiences for medical students, residents, and other healthcare trainees. Get ready to unlock your creativity as you experiment with developing your own sims.
